## Education and training

Date	2007
Certificate or diploma	Web applications development with Ruby on Rails
Main topics and skills acquired	Design, development and deployment of Ruby applications based on the Rails framework.
Date	2006
Certificate or diploma	Advanced DBMS management
Main topics and skills acquired	DBMS optimization techniques and disaster recovery
Date	2005
Certificate or diploma	Advanced programming with PHP
Main topics and skills acquired	Advanced programming techniques to design, develop and deploy secure web applications.
Date	2004
Certificate or diploma	Attack and defend computer systems
Main topics and skills acquired	Analysis and security assessment (issues and vulnerabilities) of networks, systems and services. Mitigating actions.
Date	2002
Certificate or diploma	Clusters management
Main topics and skills acquired	Design and management of high-availability and high performance computing cluster systems.
Date	2000
Certificate or diploma	UNIX network administrator
Main topics and skills acquired	Installation, configuration and management of UNIX systems and networks.
Date	1999
Certificate or diploma	Windows NT network administrator
Main topics and skills acquired	Installation, configuration and management of Windows NT based networks.
Date	1991
Certificate or diploma	Computer programmer
Institute/School	ITIS O. Belluzzi - Bologna (BO)
Date	1986
Certificate or diploma	Cambridge First Certificate in English (FCE)
Institute/School	British School - Bologna (BO)

## Computer skills

Operating systems	Solid knowledge of Linux systems (Debian/Ubuntu/Slacware/Red Hat) and BSD variants (OpenBSD, FreeBSD, NetBSD). Good knowledge of Microsoft systems (both clients and servers) and MacOS.
Security	Daily usage of auditing tools for systems and networks; practical experience of systems hardening, secure services implementation and firewalls configuration. Good experience in managing PKI infrastructures.
Virtualization	Good knowledge of UNIX based virtualization tools: KVM/Qemu/libvirt, VirtualBox.
Networking	Long term experience with tcp/ip and appletalk networks and protocols, and in configuring and administering the following services (and the encrypted/signed counterparts as well): e-mail, news, DNS, Proxy, web, ftp ,BMS, file and printers sharing (SMB, appletalk, netatalk, samba, NFS), directory services (LDAP), VPN.
DBMS	Good knowledge of relational databases; experiences with MySQL, Postgresql, SQLite.
Programming languages	Solid experience with PHP, Python, Perl, Javascript, Unix shell. Good knowledge of Ruby, C/C++, SQL, Pascal, Visual Basic. Strong knowledge of HTML/XHTML and CSS.

Frameworks

Advanced knowledge of the Template Toolkit framework for prototyping web sites, and of the jquery framework to create dynamic web interfaces. Good knowledge of Rails, MFC libraries and standard C/C++ libraries.

Authoring tools

Latex and DocBook.

Application software

Good knowledge of office automation tools, graphic softwares and DTP applications.

## Languages

<sup>(\*)</sup> Common European Framework of Reference (CEF) level

## Miscellaneous skills

Accustomed to team working and able to coordinate workgroups. Good copywriting abilities in both Italian and English languages.

## Hobbies and other activities

Musician for nearly ten years, I keep on enjoying my passions for music, reading and movies. I like to write short novels, and music and movies reviews. I achieved a diploma in journalism, played many sports at amateur level and devoted time to charity. I also like to repair and restore wrist watches.

Consent is granted, under the terms of the General Data Protection Regulation Reg. UE 2016/679, to process my personal data for communication and selection purposes.
